

## **5.b. Application to Seat Ratio – 50 Marks**

Application to Seat Ratio will be based on the ratio of number of students applying for a course and total sanctioned / approved intake considering all UG & PG programs. Data will be obtained from the universities or the concerned colleges.

Assessment metric will be the same for University and Colleges and will be calculated individually for each category.

$$\mathbf{SR=50 \times (R/R^*)}$$

Here,

$$\mathbf{R = A/S}$$

**R\*** is the maximum value of R in the considered set of institutions.

**S:** Total number of sanctioned/approved intake of the institution considering all UG and PG Programs.

**A:** Total number of applications received in the institution considering all UG and PG Programs.
