Gyan Data Private Limited	DIPP16377	Gyan Data is a specialized Data Science company that delivers customized and niche solutions to meet client needs. Provide data driven solutions across a multitude of sectors such as finance, retail,	Actual system proven through successful mission operations.
Intelligence Quotient Private	DIPP139129	Creating a new type of educational experience that benefits Employees, Learners, Students, Trainers, Administrators, and Organizations using advance cutting-edge technologies like AI, Natural Language	Component and/or breadboard validation in a laboratory environment.

Daloft Aerospace Private Limit	DIPP112488	Aims to set footprints in the production of integrated flight computing systems and other components for unmanned aerial vehicles.	System/subsystem model or prototype demonstration in a relevant environment.
Olivefin Solutions Private Lim	DIPP123281	A Digital Banking App making meaningful impact on people lives by fulfilling customer financial needs with a collection of services & enhancing financial inclusion. Services include Digital on onboard	Component and/or breadboard validation in a laboratory environment.
CeraTattva InnoTech Private Li	DIPP99701	Provides specialized and proprietary pre-ceramic precursors/polymers, ceramic products and solutions for diverse array of applications covering key strategic sectors of energy, automobile, aerospace a	System prototype demonstration in an operational environment.
Music Temple Private Limited	DIPP130749	A music edutech company, which is developing a comprehensive system of notation catering to the requirement of Indian Music, the GBNS, which would enable a scientific, systematic curriculum on par wit	System/subsystem model or prototype demonstration in a relevant environment.
Thryv Mobility Private Limited	DIPP131985	An assistive technology company primarily focusing on mobility related devices:	System/subsystem model or prototype demonstration in a relevant environment.
Welkinrim Technologies Private	DIPP98051	Developing Indigenous Motor and Drive Technology and become a one stop solution provider for all indigenous development related to machines and power electronics. Have scalable solutions for all conve	Actual system proven through successful mission operations.
WebOps and Blockchain Club	DIPPNA	BlockChain BAsed Mutual Funds	Technology concept and/or application formulated.
WebOps and Blockchain Club	DIPPNA	Advent Hermyth	Component and/or breadboard validation in a laboratory environment.
WebOps and Blockchain Club	DIPPNA	P&I Mobile App	Basic principles observed and reported.
BioTech Club	DIPPNA	NeuroSpike	Component and/or breadboard validation in a laboratory environment.
BioTech Club	DIPPNA	NaoParticle Gun	System/subsystem model or prototype demonstration in a laboratory environment.
BioTech Club	DIPPNA	OpenBio	Technology concept and/or application formulated.
Good Move Logistics and Transp	DIPP78747	The company aims to promote safe deliveries of urban goods through micro-consolidation and shared delivery of vehicles with online tracking	Actual system completed and qualified through test and demonstration.
Biomimicry Compass Private Lim	DIPP91894	Offers consulting, professional training and education in Biomimicry. The venture helps organizations and individuals generate innovation inspired by nature, that fulfils economic, environmental and s	System prototype demonstration in an operational environment.
GalaxEye Space Solutions Priva	DIPP80854	Building the world's first multisensor imaging satellite for earth observation purposes to gather unique insights with their proprietary mission called Drishti to provide intuitive all time all weathe	Actual system proven through successful mission operations.
Neurostellar Private Limited	DIPP78829	Building a smart wearable Electroencephalogram for Epileptic Patients - an AI assisted tool for detection and classification of epileptic seizures	System/subsystem model or prototype demonstration in a relevant environment.
Azeriri Private Limited	DIPP79498	Venture aims to design and fabricate innovative and sustainable sensors, actuator devices and systems to provide industries with improved automation and efficiency, zero-waste processes, systems, appl	System/subsystem model or prototype demonstration in a laboratory environment.
Mindgrove Technologies Private	DIPP88553	Mindgrove is designing innovative System on Chips (SoCs) in India using Shakti open-souce processor program	Actual system completed and qualified through test and demonstration.
Mandark Technologies Private L	DIPP6907	Company develops geo spatial data engine to provide heat maps based on Socio Economic classifications for residing as well as floating crowds for a given geography and can be used for many application	Actual system proven through successful mission operations.

Verena Haptic & VR Systems Pri	DIPPNa	Developing Immersive VR based Hi-fidelity Digital Rectal Examination setup with Haptics Feedback. Design/develop a real-time setup modelled using the tissue properties of the rectum and the prostate t	System/subsystem model or prototype demonstration in a laboratory environment.
Agalsearch Systems Private Lim	DIPPNa	Developing technology that combines light sources, receivers and a spatial light modulator to create a searchable content addressable memory module.	System/subsystem model or prototype demonstration in a relevant environment.
AeroDome	DIPP138057	Drone and Swarm Technology	Actual system completed and qualified through test and demonstration.
Arctus Aerospace	DIPP154794	Low cost, high altitude combat UAVs	System/subsystem model or prototype demonstration in a relevant environment.
Plenome Technologies	DIPP154362	Blockchain-based healthcare data engineering	System prototype demonstration in an operational environment.
Susstains	DIPP124388	Biochar production technology	System prototype demonstration in an operational environment.
Tailwinds Cloud Services Priva	DIPP152303	Building a SAAS platform to Dramatically Simplify Design, Build, Deploy, and Operate in the Cloud using Proactive Extreme Automation. Platform aims to solve problems: velocity, scale, cost and securit	Actual system completed and qualified through test and demonstration.
Conzumex Industries Pvt Ltd	DIPP1007	Tech startup that designs, develops and sells consumer electronics & online mobile services, and aims to change the way people use the internet and wearables	Actual system proven through successful mission operations.
Sonolight Imaging Innovations	DIPP6629	Offers imaging products and services that exploit signals ranging from Ultrasound, Light to X-ray	System/subsystem model or prototype demonstration in a relevant environment.
Crion Technologies Pvt Ltd	DIPP12522	Offers visual based solutions (products & services) for Training, Maintenance and Efficiency of human workforce primarily in manufacturing industries	Actual system completed and qualified through test and demonstration.
Theevanam Additives Pvt Ltd.	DIPP25055	Micronized prebiotics, nano-formulation of natural polysaccharide immunity booster for shrimp aqua industry	Actual system completed and qualified through test and demonstration.
Aero Club	DIPPNa	AION	System/subsystem model or prototype demonstration in a relevant environment.
Aero Club	DIPPNa	Neptune	Analytical and experimental critical function and/or characteristic proof-of-concept.
Aero Club	DIPPNa	Mangrove Reforestation	Technology concept and/or application formulated.
Avishkar Team	DIPPNa	Design of docking mechanism for pod inside vacuum tube	System/subsystem model or prototype demonstration in a laboratory environment.
Agnirath Team	DIPPNa	Development of high efficiency flexible solar array modules	System/subsystem model or prototype demonstration in a laboratory environment.
AIProsthetics Private Limited	DIPPNA	Manufacturing comfortable artificial limbs using Myoelectric Limb technology	Component and/or breadboard validation in a laboratory environment.
GigaYasa Wireless Private Limi	DIPP89887	Building secure, reliable, full system level simulators for software solutions and services to telecommunication industry.	System/subsystem model or prototype demonstration in a relevant environment.
Analytics and Beyond Private L	DIPPNa	Developing a simple pre-eclampsia risk stratification software using routine antenatal markers.	Component and/or breadboard validation in a laboratory environment.
Sensory Relax Private Limited	DIPP141794	Company aims to provide a more feasible way to relax using innovative methods. Building a device that provides Ecotherapy - Software for calculation of Stress Index from HRV parameters & Video/audio c	Component and/or breadboard validation in a laboratory environment.
Hiclousia Recruitment Private	DIPP128181	Building a next-generation talent pool recruitment platform by enhancing the candidate skills to match the current & future demands of the workforce	Component and/or breadboard validation in a laboratory environment.

Three Branches Healthcare Priv	DIPP101881	CysterCare is a digital health platform which helps women with PCOS (Polycystic Ovarian Syndrome) to manage their symptoms effectively	Component and/or breadboard validation in a laboratory environment.
JandK Operations Private Limit	DIPP129611	Protecting high-risk individuals/organizations from cybersecurity threats, while maintaining their privacy.	System/subsystem model or prototype demonstration in a relevant environment.
Eduspeed Technologies Private	DIPP121455	An EdTech company aimed at providing reliable insights and clarity about schools and colleges, thus enabling parents/students to make an informed decisions for admissions	System/subsystem model or prototype demonstration in a relevant environment.
Velicore Private Limited	DIPP145639	Velicore aspires to establish an extensive network of green hydrogen production hubs, seamlessly offering sustainable refueling solutions. Our proprietary Tachyon Arc technology, utilizing plasma py	Component and/or breadboard validation in a laboratory environment.
Aayacare Private Limited.	DIPP90717	Aayacare is building a companion and care delivery platform that connects individuals in need with companions for a variety of needs: hospital visits, running errands, homecare, essential assistance a	Analytical and experimental critical function and/or characteristic proof-of-concept.
ONA Schools Private Limited (E	DIPPNa	Edustaff is building an aggregator platform to connect schools, teachers and parents. Offerings to schools: recruitment of teachers; teachers: can search for Flexible & Part time options; and students	Component and/or breadboard validation in a laboratory environment.
Swayambhu Biologics Private Li	DIPP3079	Swayambhu offers proprietary Accelerated Biological Intervention Technology (ARBIT) for 400+ sugar industries & 300+ distilleries in India that generate toxic waste in the form of 40 lakh tonnes press	Actual system completed and qualified through test and demonstration.
Thin Film Solution - Consultan	DIPPNa	Training of technical personnel and consultancy services to thin film manufacturers. Develop application of thin films in healthcare, defense and space departments. Supply coated glass/plastic in smal	System/subsystem model or prototype demonstration in a laboratory environment.
Aibono Smart Farming Private L	DIPPNa	AIBONO is India's first AI-powered Fresh Food Aggregator, pioneering the Seed-to-Plate™ Platform, a next big disruption with generation disruption that synchronizes Real-time Production with Real-time	Actual system completed and qualified through test and demonstration.
Purius Nanosystems Private Lim	DIPP204	CR-based Point-of-care diagnostic device	System/subsystem model or prototype demonstration in a laboratory environment.
Vital Bio Scientific	DIPP228	Company aims to manufacture a novel kit to determine permeability of NCEs. The lipid coating is bio-mimetic and efficient and cost effective as compared to the gold standards used in the industry	Actual system completed and qualified through test and demonstration.
Campus Labs Private Limited	DIPPNa	Campuslabs is a comprehensive suite of productivity tools for campus users. Some of the top universities in India are using this Campus ERP system.	System/subsystem model or prototype demonstration in a laboratory environment.
Blue SinQ Automations Private	DIPP5812	Builds IoT products in consumer electronics space. The first product range is in home automation domain.	System/subsystem model or prototype demonstration in a laboratory environment.
Institute for Construction Mat	DIPPNA	ICOMAT offers a wide range of building and construction materials testing services including cement testing, concrete testing, brick/concrete block testing to the Construction Industry & Routine Testi	System/subsystem model or prototype demonstration in a relevant environment.
Nfiver Machineries Private Lim	DIPP127	Developing Automatic wet grinder.	System/subsystem model or prototype demonstration in a laboratory environment.
Yaathum Biotech Private Limite	DIPP224	Molecular biotech company specializing in the development of Real-time quantitative PCR (qPCR) assays for rapid and affordable diagnosis of disease and research in life sciences.	System prototype demonstration in an operational environment.
AXON Automations Private Limit	DIPP23933	Axon Machines builds smart machines to automate kitchen: set of appliances that would cook for us all by themselves.	Component and/or breadboard validation in a laboratory environment.

Theevanam Additives & Nutraceutu	DIPP25055	Micronized prebiotics, nano-formulation of natural polysaccharide immunity booster for shrimp aqua industry. The formulation have a great scope of implication in Poultry and Cattle industry.	Actual system completed and qualified through test and demonstration.
MGH Labs Private Limited	DIPPNA	Bogorchid which can attract, catch & kill mosquitoes naturally. With several patents filed in India, the product has gone through several test trials and can trap up to 800 Mosquitoes in a span of 3 d	System/subsystem model or prototype demonstration in a laboratory environment.
Sangvint Technologies Private	DIPP2655	The company seeks to radically change the way we learn in schools, moving away from a one-size-fits-all strategy towards a more personalized path that enhances conceptual learning.	Component and/or breadboard validation in a laboratory environment.
Dravak	DIPP3494	Dravak Technologies focus to offer reliable and dependable solutions to meet energy demand. They propose an innovative high-performance wind turbine power system with better aerodynamic design	Analytical and experimental critical function and/or characteristic proof-of-concept.
Pojo Software Private Limited	DIPP3812	Pojo offers School NEET Courseware available online and DVD based offline magazines, college DVD magazine based skilling.	System/subsystem model or prototype demonstration in a relevant environment.
Indira Astron	DIPP1519	Aiming to provide Electric Mobility Solutions for short commuters for both rural and urban areas; first product is a smart e-bicycle	Component and/or breadboard validation in a laboratory environment.
Fuchsiagiraffe Innovations Pri	DIPP5706	Aims to bring in efficiency in animal healthcare being provided by veterinarians, through a technology platform that enables end-to-end patient management with unique species' assisted workflow.	System/subsystem model or prototype demonstration in a relevant environment.
Ghost Vision Private Limited	DIPP28019	Design and develop Augmented Reality headset. The headset allows visualization of 3-D models in the real world.	System/subsystem model or prototype demonstration in a relevant environment.
Antariksh Waste Ventures Priva	DIPP18464	Designing and developing Smart IoT powered Garbage Bins with Load & Communication modules to create a smarter eco-system of waste disposal & recycling management.	System/subsystem model or prototype demonstration in a relevant environment.
QuaMed Technologies Private Li	DIPPNA	QuaMed is a Cloud-deployed Software-as-a-Service Digital Quality Management Systems documentation service provider that will make available a Document Management, Control and Content Management platfo	Component and/or breadboard validation in a laboratory environment.
i-Mov Motiontech Private Limit	DIPP26534	IMOV develops intelligent wearables to capture movement & bio-parameters to give more insight on human performance.	System/subsystem model or prototype demonstration in a relevant environment.
Sirab Technologies Transportat	DIPP8876	Microspin works on commercializing innovative technologies of fibre processing which enables production of premium quality yarn at low investment, along with significantly reduced energy footprint	System/subsystem model or prototype demonstration in a laboratory environment.
Diamondbay Technologies Privat	DIPP27158	Diamondbay specializes in providing real-time kernel-level security, confidentiality and privacy to Android mobile devices and medical devices. Diamondbay's ground-breaking, US-patented android securi	System/subsystem model or prototype demonstration in a laboratory environment.
Uscope Compast Astechnologies	DIPP58492	U-scope compost develops device for Phenotypic diagnosis of antibiotic resistant bacteria. The device works as an add-on to existing microscope setup with image bacterial motion. This will diagnose a	Component and/or breadboard validation in a laboratory environment.
Digital Flora Technologies Pri	DIPP33693	End-to-end Indoor vertical farming solutions. Company designs and develops infrastructure, sensor modules and control devices for efficient food production in closed climate controlled environment.	Component and/or breadboard validation in a laboratory environment.
SILINT Consulting Private Limi	DIPPNa	Provides Intelligent Systems based solutions for industries to aid Business Intelligence & Automation processes.	Component and/or breadboard validation in a laboratory environment.

Ubiqare Health Private Limited	DIPP18371	Ubiqare's hybrid platform of technology & clinical network brings hospital-like care to post-acute & chronic patients at home. The platform provides healthcare ubiquitous with a focus on defining medi	System prototype demonstration in an operational environment.
Gaags Medtech Private Limited	DIPPNA	Developing Adjustable Prosthetic Solutions to accelerate the healing process - adjustable, foolproof prosthetics to heal fractures faster. It is a 4 piece construction, which can be adjusted on horizo	Component and/or breadboard validation in a laboratory environment.
Yaakhai Healthcare Private Lim	DIPP49276	Developing a non-invasive point-of-care diagnostic device to measure & monitor blood glucose levels that can used by person of any age, multiple times a day to keep track of one's blood glucose level.	Component and/or breadboard validation in a laboratory environment.
AIDesign Private Limited	DIPP60145	Disrupting design and analysis of engineering applications by reducing the gluttony and helping designers reach their full imaginative potential using AIEngines which perform engineering design simula	Component and/or breadboard validation in a laboratory environment.
Blue FMA Private Limited	DIPPNA	Blue FMA aims to become an alternate energy provider by generating continuous renewable energy through sea water by setting up a osmotic power generator involving membranes that create salinity gradie	Component and/or breadboard validation in a laboratory environment.
Biomehub Data Sciences Private	DIPPNA	Develop Microbiome database & taxonomy models of Indian people to understand their biome and to be Healthier Citizens of Tomorrow.	Component and/or breadboard validation in a laboratory environment.
Excelon Academy Private Limite	DIPP70406	An edtech startup to help aspirants clear the civil services exam by providing cost-effective & personalized tests and provide actionable feedback through use of technologies like data analytics and a	Component and/or breadboard validation in a laboratory environment.
Shima Engineering Solution Pri	DIPPNa	An engineering consultancy company. Currently developing following products: 1) Touchless automatic sanitizer dispenser 2) Automation for disinfecting office spaces	Component and/or breadboard validation in a laboratory environment.
Airtize Technology Private Lim	DIPPNA	Creating a cost effective, distributed solution to lack of availability of healthcare specialist and services	Component and/or breadboard validation in a laboratory environment.
Avishkar Team	DIPPNA	Designing and implementing battery cooling method by the use of serpentine channels to directly absorb heat from battery and storage of heat in a PCM	System/subsystem model or prototype demonstration in a laboratory environment.
Avishkar Team	DIPPNA	Implementation of airlock gating system for vacuum tube	System prototype demonstration in an operational environment.
iGem Team	DIPPNA	Development of novel coculture system for space biomanufacturing	System/subsystem model or prototype demonstration in a laboratory environment.
iGem Team	DIPPNA	Development of novel software for chassis recommendation for extraterrestrial systems	Analytical and experimental critical function and/or characteristic proof-of-concept.
Abhiyaan Team	DIPPNA	LOID: Lane Occlusion Inpainting and Detection for Enhanced Autonomous Driving Systems	Actual system completed and qualified through test and demonstration.
Abhiyaan Team	DIPPNA	Mixed Reality based Testing setup for advanced hardware in the loop testing	Component and/or breadboard validation in a laboratory environment.
Abhiyaan Team	DIPPNA	Hardware Design for a novel ball reciever and kicker mechanism	System/subsystem model or prototype demonstration in a laboratory environment.
Abhiyaan Team	DIPPNA	RL based swarm navigation solution for a multi agent system	System/subsystem model or prototype demonstration in a laboratory environment.
Abhiyaan Team	DIPPNA	Drive by wire system for an L5 autonomous vehicle	Actual system proven through successful mission operations.
Agnirath Team	DIPPNA	Development of Suspension and steering systems for low rolling resistance on road	Component and/or breadboard validation in a laboratory environment.

Agnirath Team	DIPPNA	Developed an intricate heat sink using various CFD topology optimization methods	Component and/or breadboard validation in a laboratory environment.
Agnirath Team	DIPPNA	Design of low drag ultra streamlined aerodynamics of solar car	System/subsystem model or prototype demonstration in a laboratory environment.
Agnirath Team	DIPPNA	Lightweight interlocking carbon fiber composite chassis design	System/subsystem model or prototype demonstration in a relevant environment.
Agnirath Team	DIPPNA	Modular battery pack design	System/subsystem model or prototype demonstration in a laboratory environment.
Agnirath Team	DIPPNA	Dynamic faring design for active drag reduction in vehicles	Analytical and experimental critical function and/or characteristic proof-of-concept.
Agnirath Team	DIPPNA	Data driven strategy model for optimal energy consumption of the vehicle	Analytical and experimental critical function and/or characteristic proof-of-concept.
Agnirath Team	DIPPNA	Customized battery management system	System/subsystem model or prototype demonstration in a laboratory environment.
Abhyuday Team	DIPPNA	Active Canard Roll Control System using gain scheduling for increased flight performance	System/subsystem model or prototype demonstration in a relevant environment.
Abhyuday Team	DIPPNA	Small scale Hybrid rocket engine & Fuel & oxidiser systems & compositions for efficient combustion	Actual system completed and qualified through test and demonstration.
Raftar Team	DIPPNA	Designed and patented mode-decoupled suspension	Actual system proven through successful mission operations.
Raftar Team	DIPPNA	New battery pack with approx 40 kg lighter than current	System/subsystem model or prototype demonstration in a laboratory environment.
Raftar Team	DIPPNA	New frame design 11 kg lighter than previous iteration	System/subsystem model or prototype demonstration in a relevant environment.
Spheruler Solutions Pvt Ltd	DIPP21539	A deep tech startup providing novel 3D modeling methods and digital imaging software solutions	System prototype demonstration in an operational environment.
Arta Ortho Remedies Pvt Ltd	DIPP55584	Development, design and manufacture of fashionable & comfortable custom orthotics and orthopaedic footwear with natural materials using 3D and CAD-CAM technology	System/subsystem model or prototype demonstration in a relevant environment.
Esmite Solutions Pvt Ltd	DIPP25932	One stop integrated SAAS solution for Smart Management of Electric Vehicle infrastructure: Public Charging, Battery Swapping & EV Fleet Management	System prototype demonstration in an operational environment.
Yali Mobility Pvt Ltd	DIPP25834	Building electric vehicles that are accessible and gives mobility to wide range of peoples	System prototype demonstration in an operational environment.
Qbiome Research Pvt Ltd	DIPP54643	A research consultancy enterprise that seeks to provide solutions to process industries in the areas of fermentation, pharmaceutical and food	System prototype demonstration in an operational environment.
Ozone Motors Pvt Ltd	DIPP9989	Developing mobility & transportation systems for the modern colonies on Earth, with an emphasis on clean and eco-friendly product lifecycle and mobility as a service	Component and/or breadboard validation in a laboratory environment.
FT Motors Private Limited	DIPP10667	Building India's first self balancing Electric Motorcycle having fully enclosed canopy	System/subsystem model or prototype demonstration in a laboratory environment.
KBIR Pvt Ltd	DIPPna	Design & development of Medical devices, systems and solutions using advancements in simulation, modeling, communication and information technology	Component and/or breadboard validation in a laboratory environment.
Agnikul Cosmos Pvt Ltd	DIPP13283	Developing satellite launch vehicles for a payload capacity of up to 100 kgs to Low Earth Orbits	Actual system completed and qualified through test and demonstration.
Mocero Health Solution Pvt Ltd	DIPP23541	Ursugar is a diabetes management platform with clinical decision support to aid doctors to provide treatment based on standard of care	System prototype demonstration in an operational environment.

Debrique Creative Labs Pvt Ltd	DIPP29723	Modular foldable houses to reduce mobilization cost & time for Temporary Infrastructures in Construction Industry & oil refineries	Actual system proven through successful mission operations.
Skyraptor India Pvt Ltd	DIPP37453	Bicycle manufacturing company, which introduces mechanical assisted power booster drive-train technology aims at increasing the efficiency and average speed of bicycle	System/subsystem model or prototype demonstration in a laboratory environment.
Chembiosens Private Limited	DIPP43384	A spinoff from Biosensors lab at IIT Madras. It's an R&D company that aims to bring out reliable sensing technologies for detecting chemical molecules and biological entities	System prototype demonstration in an operational environment.
ZMed Healthcare Technologies	DIPP7243	Medical device data integration, clinical workflow automation, clinical decision support tools, AI modules, and Electronic Medical Record	System prototype demonstration in an operational environment.
Viverva Health Media Pvt Ltd	DIPP21159	spreading preventive digital healthcare awareness and patient education with focus on Tier 2, Tier 3 and Rural India where the need is more	Component and/or breadboard validation in a laboratory environment.
Raftar Team	DIPPNA	Metal 3DP of suspension components	System/subsystem model or prototype demonstration in a relevant environment.
Raftar Team	DIPPNA	Developing a full carbon fibre monocoque	Analytical and experimental critical function and/or characteristic proof-of-concept.
VayuJal Technologies Pvt Ltd	DIPP10995	Develops atmospheric water generators (AWGs), which captures moisture available in the air	System prototype demonstration in an operational environment.
Envitran Smart Systems Pvt Ltd	DIPP21157	Providing engineering solutions for vehicular, industrial, indoor and urban air pollution control	System prototype demonstration in an operational environment.
Kapindra Precision Pvt Ltd	DIPP17886	Offers novel nano-engineered diamond & functional coatings for components used in strategic products in aviation, defence, automotive, medical, wastewater treatment and electronics industries	System prototype demonstration in an operational environment.
Medha I&D Pvt Ltd	DIPP14335	Sequence Analysis Platform over cloud based on Big Data & proprietary Algorithms	System/subsystem model or prototype demonstration in a relevant environment.
Aqueasy Innovations Pvt Ltd	DIPP28067	AquEasy develops water purification solutions	Analytical and experimental critical function and/or characteristic proof-of-concept.
Vasitars Private Limited	DIPP5270	Provides complete in-situ composite repair solutions to all kind of damage scenarios in transmission pipelines	Actual system completed and qualified through test and demonstration.
Kornerstone Devices Pvt Ltd	DIPP21990	Equip radiologists to perform pain-less & quick interventional procedures with precision	System prototype demonstration in an operational environment.
Maximl Labs Private Limited	DIPP2503	Offers a Smart project management platform for Industry 4.0. New age collaboration platform for the industries of tomorrow	Actual system proven through successful mission operations.
GITAA Pvt Ltd	DIPP16384	Imparts skill development training in the area of data science and artificial intelligence. The training is customized to various segments such as corporates, educational institutions and individual	Actual system proven through successful mission operations.
Augurtron Systems and Solution	DIPPNa	Augur Systems And Solutions is an Embedded Systems Design company with a focus on Indian Emerging markets. It has an end to end capability of product development from concept to production readiness.	Technology concept and/or application formulated.
Trayi	DIPPNA	Trayi develops research based learning solutions that optimize the individual learning styles of the students. The goal is to help students in the rural areas to develop persistence, positive self-co	Analytical and experimental critical function and/or characteristic proof-of-concept.
Newdigm	DIPPNA	Newdigm provides healthcare solutions for resource limited settings. Their flagship product - clinical decision support system (DSS) - technology helps rural health workers in arriving at a diagnosis.	Analytical and experimental critical function and/or characteristic proof-of-concept.

Phoenix	DIPPNA	Providing web development and SEO services with operations in rural area	Analytical and experimental critical function and/or characteristic proof-of-concept.
Unclassroom	DIPPNA	Unclassroom aims to be the most fun and engaging way for individuals to learn skills needed to become employable from both cities as well as smaller towns and villages get access to quality education	Analytical and experimental critical function and/or characteristic proof-of-concept.
LEX AUDE SERVICES Private Limi	DIPPNA	Online Contract Negotiation Platform	Analytical and experimental critical function and/or characteristic proof-of-concept.
The Enabler Foundation	DIPPNA	The Enabler Foundation aims to pilot, promote, advocate policy reforms in livelihood generation in Rural India in core essential areas of Healthcare and Education to start with.	Analytical and experimental critical function and/or characteristic proof-of-concept.
Boxtree	DIPPNA	Boxtree is an online aggregator of Organic, Eco Friendly and Fair Trade products and services. A one stop shop for everything you need to live a sustainable lifestyle. Boxtree also aims to promote pro	Analytical and experimental critical function and/or characteristic proof-of-concept.
RISTA	DIPPNA	RISTA connects remote artisans preserving generational handicraft skills with urban connoisseurs of Indian handicrafts. By ensuring fair prices for artisans and offering nature-friendly, biodegradable	System prototype demonstration in an operational environment.
ecoLogin Tourism and Travels P	DIPPNA	An alternate tourism company. It provides guided tours with a well trained professional team offering themes ranging from Adventure & Jungle tourism to Heritage & culture. Also involves of local commu	Analytical and experimental critical function and/or characteristic proof-of-concept.
Zyena Tech Solutions Private L	DIPPNA	Machine-to-machine communication solution providers for the consumer, industrial and automotive markets.	Analytical and experimental critical function and/or characteristic proof-of-concept.
Techiestreet Technolgies Priva	DIPPNA	Makeystreet - a vertical search engine for 'maker' products. This network simplifies procurement logistics for makers: find and discover parts for projects.	Technology concept and/or application formulated.
Gradlabs	DIPPNA	Provide consultancy services to aerospace and automotive industries: customise open source based modules for engineering simulations and experimental data analysis (Computational Fluid Dynamics)	Analytical and experimental critical function and/or characteristic proof-of-concept.
Onymy Infocomm Pvt Ltd	DIPPNA	Deliver information, advertisement and payment services for basic, feature and smart phones.	Component and/or breadboard validation in a laboratory environment.
Suryakund Technologies Private	DIPPNA	SuryaKund Technologies is a Clean-Tech start-up focused on designing and selling innovative Solar Water Heaters to the Indian market.	Analytical and experimental critical function and/or characteristic proof-of-concept.
Geotagg Pvt Ltd	DIPPNA	Proposes to develop solutions for tracking, predicting, routing and scheduling of vehicles for passengers and transport agencies	System prototype demonstration in an operational environment.
Relagent	DIPPNA	Semantic Text Mining Engine for Biomedical Research - enabling discovery of connections between objects spanning multiple journal articles, clinical records involving natural language and unstructured	Analytical and experimental critical function and/or characteristic proof-of-concept.
Rainstock	DIPPNA	Aiming to Address water scarcity problem through rainwater harvesting and waste water recycling	Component and/or breadboard validation in a laboratory environment.
Astraa Agro	DIPPNA	Developing mobile and web based platform to enable value chain management and Data analytics in agriculture	Analytical and experimental critical function and/or characteristic proof-of-concept.
Tara Tech	DIPPNA	Clozerr - digital loyalty program based app that helps users discover new restaurants and rewards them on subsequent visits.	Analytical and experimental critical function and/or characteristic proof-of-concept.
Daksha Imaging Private Limited	DIPPNA	To develop smart nextgeneration video surveillance solutions . Core Idea	Component and/or breadboard validation in a laboratory environment.

i2i Technology Solutions	DIPPNA	Consumer sector: Online platform to locate nearest pharmacy where a specified brand of medicine is available; Data on brands available in a pharmacy by integration with billing and inventory management	Analytical and experimental critical function and/or characteristic proof-of-concept.
Streeworld	DIPPNA	Empower the Women Entrepreneurs, Artisans, Handcrafters with their niche / handmade products and services there by promoting Make in India	Analytical and experimental critical function and/or characteristic proof-of-concept.
Lokyam	DIPPNA	Engaged in contract farming, processing, value addition, and marketing of fresh vegetables and fruits	System/subsystem model or prototype demonstration in a laboratory environment.
Intelli DataLogic Private Limi	DIPPNA	Develop advanced data analytics tools to mine & help Law Enforcement Agencies in India analyze large amount of data from multiple sources - help avert crime & cater to internal security needs of the c	Analytical and experimental critical function and/or characteristic proof-of-concept.
Rivopro	DIPPNA	Generative AI Technology: Leverage the latest in AI to create stunning, accurate visuals that capture your brand's essence and appeal directly to your target audience.	Analytical and experimental critical function and/or characteristic proof-of-concept.
Samyuktha Wellness	DIPPNA	Developer of low-cost pap smear screening alternatives	Analytical and experimental critical function and/or characteristic proof-of-concept.
Structural and Infrastructure E	DIPPNA	Developing innovative techniques such as Stiffened Shell Approach for large span Industrial structures & introducing FRP structural elements/rebars to protect against corrosion. Advanced composites to	System/subsystem model or prototype demonstration in a relevant environment.
AirOk Technologies Private Lim	DIPP149707	Develops indoor smart air purifier. Provides cost-effective and efficient technological solutions for air quality management issues in industries, urban built environment and waste management sites. D	Actual system completed and qualified through test and demonstration.
Growtech Innovations Pvt Ltd.	DIPPna	Technology Licensing & Innovation Consulting company focused on helping client create disruptive technology based frugal & socially relevant innovations	Actual system proven through successful mission operations.
Enability Foundation for Rehab	DIPP883	Focus on providing indigenous and affordable assistive technologies solutions to teachers, schools, resource centres and rehabilitation workers.	Actual system completed and qualified through test and demonstration.
Planys Technologies Pvt Ltd.	DIPP203	Deep tech startup revolutionizing underwater inspections through advanced marine robotics and innovative non-destructive testing (NDT) methods.	Actual system proven through successful mission operations.
Edutor Technologies Private Li	DIPPNa	Personalized interactive learning platform - IGNITOR: delivers 'next generation Digital Textbooks' from multiple publishers embedded with rich media, interactive quizzes and weblinks. Market-leaders i	Actual system proven through successful mission operations.
Edsix Brain Labs Private Limit	DIPP137	Edsix is an EdTech company that is revolutionizing the 'Way we Learn' with Higher Order Thinking Skills. Products are a wide range of engaging puzzle based games that enhance critical thinking skills.	Actual system proven through successful mission operations.
Skillveri Training Solutions P	DIPP3426	Reality (XR) based Multi-Skill Simulation Platform for Welding & Spray Painting, with more skills being added to the platform this year. Skillveri is now in UK, Germany & Spain!	Actual system proven through successful mission operations.
Qarth Technologies Private Lim	DIPPNa	The company develops mobile application software.	Technology concept and/or application formulated.
Simple Farm Solutions Private	DIPP267	Develops cost-effective, smart mechanization solutions (agricultural equipment) for India's small and marginal farmers, to reduce labor dependence and increase profitability. Products: Vegetable & Sug	Actual system completed and qualified through test and demonstration.
Raftar Team	DIPPNA	Replacing all steel on car with carbon fibre, including suspension a-arms and driveshaft along with monocoque	Analytical and experimental critical function and/or characteristic proof-of-concept.
Anveshak Team	DIPPNA	Development of in-house CAN(controller area network) based motor controllers	System/subsystem model or prototype demonstration in a laboratory environment.

Anveshak Team	DIPPNA	Full fledged Battery Monitoring System - measurement of cell voltage, average battery temperature and net output current	Component and/or breadboard validation in a laboratory environment.
Anveshak Team	DIPPNA	3D-printed UV-Vis Spectrometer developed in-house	System/subsystem model or prototype demonstration in a laboratory environment.
Anveshak Team	DIPPNA	Custom 3D-printed Rover wheels	System prototype demonstration in an operational environment.
Anveshak Team	DIPPNA	Development of dual stage modified cycloidal gearbox and cycloidal-planetary hybrid gearbox	System/subsystem model or prototype demonstration in a laboratory environment.
Akxa Tech Pvt Ltd	DIPP2649	Unique decision support systems (products/services) for automatic analysis of Plant DCS Data using algorithm based smart technology tools	Actual system proven through successful mission operations.
InnoDI Water Technologies	DIPP2478	New water treatment system based on Capacitive Deionization (CDI) technology in the market that is ideally suited for Drinking water applications	System prototype demonstration in an operational environment.
Grinntech Motors & Services	DIPP4264	Scaling up of electric vehicles by making them technically and economically feasible	Actual system proven through successful mission operations.
Least Count Technologies	DIPP13106	AlphaBake specializes in advanced visualization tools, including: Model AI & Background Swap: Seamlessly integrate high-quality, lifelike models and dynamic backgrounds into your product visuals	Actual system completed and qualified through test and demonstration.
YNOS Venture Engine CC Pvt Ltd	DIPP18248	Offers an intelligent platform dedicated to enhancing the efficiency of India's startup and innovation ecosystem	Actual system completed and qualified through test and demonstration.
DiGas Private Limited	DIPP3931	Model AI & Background Swap: Seamlessly integrate high-quality, lifelike models and dynamic backgrounds into your product visuals, eliminating costly photoshoots	System prototype demonstration in an operational environment.
Rathi Aerospace Labs Pvt Ltd	DIPP32537	Company is developing a wax based mandrel for safe, cost effective and easy process of making solid propellants for missiles and launch vehicles	Actual system completed and qualified through test and demonstration.
SocioDent Pvt Ltd	DIPP82307	Developing oral health innovations to impact the vulnerable. SocioDent stands for Social Impact in Dentistry. We are an early stage med tech startup focused on redefining Oral Care through our product	System/subsystem model or prototype demonstration in a laboratory environment.
Neos HealthTech Pvt Ltd	DIPP76390	Building a deep learning and computer vision powered SaaS platform to report scans of different modalities	Actual system completed and qualified through test and demonstration.
M.I.B Pvt Ltd	DIPP66300	Develop innovative products that solve health problems for people around the world	System prototype demonstration in an operational environment.
Maritime Technology Pvt Ltd	DIPP149950	SMART venture focuses on improving productivity and efficiency through smart and innovative technologies designed for next generation Ports and Waterways	System prototype demonstration in an operational environment.
Skillskapes Private Limited	DIPP82239	One-stop solution for language, communication and skills training, partnering with a wide range of academic and corporate clients	Actual system proven through successful mission operations.
ISMO Bio-photonics Pvt Ltd	DIPP70342	Developing personalized Organ-on-Chip (bio-photonics instrument and consumables products) for tailored therapeutics	System/subsystem model or prototype demonstration in a relevant environment.
Remcos Medical Technologies	DIPPna	Developing a Medical Equipment Maintenance Solutions to hospitals at Cost effective manner	System/subsystem model or prototype demonstration in a laboratory environment.
Kozhnosys Private Limited	DIPP10814	Developing a Breathalyzer for Cancer Screening	System/subsystem model or prototype demonstration in a laboratory environment.
Reinerde Technologies Pvt Ltd	DIPP87260	Treat and purify waste water from oil spills at industrial and household operations using biodegradation & passive reactors	Component and/or breadboard validation in a laboratory environment.

Dextroware Devices Pvt Ltd	DIPP65477	A single stop for development of Assistive Technologies	Actual system completed and qualified through test and demonstration.
Blunav Technologies Pvt Ltd	DIPP31671	Provides Intelligent and AI-enabled Airport Systems: Air Traffic Control & Communication, Navigation and Surveillance (ATM/ CNS) technologies to streamline airport processes	System prototype demonstration in an operational environment.
Smart Home Healthcare Solution	DIPP40035	A cloud-based mobile Clinical Management Platform focused on Physiotherapists	System prototype demonstration in an operational environment.
Fabriplay Private Limited	DIPPNa	Fabriplay is building a marketplace platform to connect fabric designers, suppliers and consumers to enable personalized designing and stitching	System/subsystem model or prototype demonstration in a relevant environment.
HBarOmega Private Limited	DIPP83020	A spinoff from Jawaharlal Nehru Centre for Advanced Scientific Research (JNCASR), Bengaluru, the company will develop and provide advanced solar photovoltaic characterization tools for domestic and gl	Component and/or breadboard validation in a laboratory environment.
SENSURAIR Private Limited	DIPP105080	Manage air pollution by providing economical solution for monitoring air quality in Urban, Rural and Industrial areas, and disseminating data to the community. Provides low-cost air quality monitoring	System/subsystem model or prototype demonstration in a relevant environment.
Campervan Factory Private Limi	DIPP89132	To design, manufacture and sell caravans/campervans in domestic and international markets.	System prototype demonstration in an operational environment.
Kineshia Robotics Private Limi	DIPP174210	The company works in the design of sensors, actuators and control systems of robots. Multipurpose grasper is a novel idea using which multimodal robots can be designed. The multimodal robots use the g	Component and/or breadboard validation in a laboratory environment.

Provides complete solution from career consulting to on the job coaching and address post-emp	System prototype demonstration in an operational environment.
LoyalMed Devices Private Limit	DIPP96806	Developing an affordable Powered ENT shaver system for the incision and removing tissues and soft bones in the nasal cavity or ear region during ENT or plastic procedures including functional endoscop	System/subsystem model or prototype demonstration in a relevant environment.
Dverse Technologies Private Li	DIPP91778	Developing affordable & accessible human computer interface devices for people with visual impairments. Product - CuriO is a non-braille human computer interface to enable blind people code mainstream	System/subsystem model or prototype demonstration in a laboratory environment.
Roha 369 Biotech Private Limit	DIPP89773	ROHA designs protective and biodegradable packaging solutions by upcycling agricultural residue and mushroom mycelium.	System prototype demonstration in an operational environment.
Chatting Birds Private Limited	DIPP170807	Enable automation through IOT/AI platform by converting traditional devices to customized cloud based IOT integrated devices for users and companies.	Actual system completed and qualified through test and demonstration.
Shatayuh Jeevanam Healthcare I	DIPP166945	A haptics-based point-of-care remote monitoring system for accurate prognosis, diagnosis and treatment of a user's physical and mental health using indigenous and allopathic medication systems.	Analytical and experimental critical function and/or characteristic proof-of-concept.
Dukil Medical and Technical Te	DIPP149530	ClothMeds is developing Anti-Microbial Cloths for medical Textiles	System prototype demonstration in an operational environment.
Prediscan Medtech Private Limi	DIPP157166	Empowering doctors with AI for real-time eye screening and diagnosis through a user-friendly web app, preventing blindness.	Component and/or breadboard validation in a laboratory environment.
Trigen Decarbonisation Private	DIPP159787	Design and manufacture efficient heating and cooling systems for industrial decarbonization	Actual system completed and qualified through test and demonstration.

Acuvea Healthcare Technologies	DIPP65585	Offering 'Medicapp' - An all-in-one digital health platform to ensure the entire healthcare cycle at the fingertips: online medical appointments, teleconsultations, telemedicine, digital test and scan	Component and/or breadboard validation in a laboratory environment.
Saraniasat India Private Limit	DIPPNa	Works in the area of precision agriculture - enable remote sensing and data-driven crop insurance	Component and/or breadboard validation in a laboratory environment.
Aadhithyaa Infometa Socio Solu	DIPP156306	An Immersive, 3D Metaverse Platform, where the users walk through the Streets in the Digital Metaverse World (aligned with real time physical location coordinates) and search & discover Service Profes	Technology concept and/or application formulated.
Shabd Intelligence Private Lim	DIPP178247	Shabd is building an AI powered communication layer with real time translation of Speech & Text across various languages	Analytical and experimental critical function and/or characteristic proof-of-concept.
Viridian Ingni Propulsion Priv	DIPP158326	Design and development of Motor and controllers (100% Localization) with focus on rare earth and magnet - free motors	Component and/or breadboard validation in a laboratory environment.
Tamirabot Advanced Engineering	DIPP128486	Working in EV charging connecting systems: manufacturing electrical contact pin for optimized thermal management in electrical charging systems	System/subsystem model or prototype demonstration in a relevant environment.
Sahaay Club	DIPPNA	Agriscape	Component and/or breadboard validation in a laboratory environment.
Product Design Club	DIPPNA	InstiLite	Analytical and experimental critical function and/or characteristic proof-of-concept.
Product Design Club	DIPPNA	Obstructive Sleep Apnea	Analytical and experimental critical function and/or characteristic proof-of-concept.
Emotiv Traction Solutions Priv	DIPPNa	Design and IP licensing company for traction motors. Traction solutions are engineered ground-up by considering the vehicle performance requirements, operating environment, volume of production and ta	System prototype demonstration in an operational environment.
BrainwaveS Neurorehab Solution	DIPP93817	Delivering a state of art, evidence based and cost-effective interventions in neuropsychological rehabilitation.	Component and/or breadboard validation in a laboratory environment.
Dr. MGR - Ari Technology Innov	DIPP87016	Focus is to provide niche technological systems and solutions for defense.	Component and/or breadboard validation in a laboratory environment.
Thouway Technologies Private L	DIPP118044	An enterprise that builds automated BOT, which prepares food items using IOT based devices, these can make multiple chaat items and food items, leveraging upon the strengths of IOT and Edge computing	Actual system proven through successful mission operations.
FirstLap Neonatal Private Limi	DIPP98009	To provide every New-born with the benefits of Delayed Cord Clamping by monitoring smoother transition to extra uterine life with care.	System/subsystem model or prototype demonstration in a laboratory environment.
Securweave Research Labs Priva	DIPP96351	SecurWeave's Configurable Hardware Enforced Safety and Security (CHESS) platform has been designed to meet the security and safety criticality needs of the evolving digital industry.	System prototype demonstration in an operational environment.
OptRoute Logistics Private Lim	DIPP97829	Aims to make logistics efficient and sustainable. OptRoute's solution is a B2B SaaS platform for facilitating an optimal logistics operation. Platform offerings: optimal route allocation, vehicle spac	System/subsystem model or prototype demonstration in a laboratory environment.
Deepvital Private Limited	DIPP96862	Deepvital is technology company that develops products and services to ensure all the women and new-born have access to evidence-based quality care during delivery and after the child-birth	System/subsystem model or prototype demonstration in a laboratory environment.
Spotdot BioInnovation Private	DIPP94904	Developing a point-of-care devices primarily for antenatal and newborn screening using Lateral Flow Assay Strips, Biosensors and Microfluidic devices	System/subsystem model or prototype demonstration in a laboratory environment.

Novatex Technologies Private L	DIPP147588	Retrofit electro mechanical based device replacing manual punch cards used in saree weaving machines to reduce human efforts.	System/subsystem model or prototype demonstration in a laboratory environment.
Planytics Solutions Private Li	DIPP49311	Development of supply chain analytics software for distributors, retailers, and manufacturers. It uses analytics and machine learning to drive the supply chain planning process of organization.	Actual system completed and qualified through test and demonstration.
Ostequant Private Limited (Qua	DIPPNa	Quant Health's Osteoquant is an automatic bone age assessment software that is being designed using novel image processing and deep learning methods for accurate bone age estimation in Indian populati	System/subsystem model or prototype demonstration in a laboratory environment.
Tutr Hyperloop Technologies Pr	DIPP131574	Develop and demonstrate safe and reliable hyperloop travel. Provide an affordable and high-speed, 'on-demand' transportation system for passengers and goods: Maglev in a quasi-vacuum tube.	System/subsystem model or prototype demonstration in a laboratory environment.
Impensus Electronics Private L	DIPP29102	Building smart systems with integrated IoT modules to monitor and control temperature, humidity and gases in cold room to extend shelf life of agri produce. Also, building cold storages for industries	Actual system proven through successful mission operations.
Careme Health Private Limited	DIPP11531	Cloud - absed behavioral health - based assessment tool primarily focusing on mental capturing comprehensive end to end data points of patients.	Actual system completed and qualified through test and demonstration.
Detect Technologies Pvt Ltd.	DIPP820	Innovative company that provides AI-powered industrial asset integrity and remote monitoring solutions, enhancing safety and productivity across industries like oil and gas, energy and manufacturing	Actual system proven through successful mission operations.
Zazen Systems Pvt Ltd	DIPPNa	Develops DC powered Appliances that are extremely efficient and is ready to be integrated with Solar Power and Battery Storage. Company specializes in green thermal comfort & refrigeration	System/subsystem model or prototype demonstration in a laboratory environment.
Fabheads Automations Pvt Ltd.	DIPP344	Fabheads' state-of-the-art 3D printers print continuous fiber reinforced parts, giving way to a new age of design and fabrication possibilities	Actual system proven through successful mission operations.
Neomotion Assistive Solutions	DIPP2859	Company is manufacturing high performance, designer, affordable & modular Wheelchairs	Actual system proven through successful mission operations.
Aatrel Green Renewable Energy	DIPP144531	Aatrel is developing an algae-based Carbon Utilization system for converting CO2 into algal biomass which has the potential to be a sustainable source of biofuels, animal feed, food cosmetics and pha	Component and/or breadboard validation in a laboratory environment.
Renaissance Solar and Electron	DIPPNa	Manufacturing of Silicon crystals and wafers for solar and semiconductor industries for addressing societal needs pertaining to cleaner environment and renewable energy	Component and/or breadboard validation in a laboratory environment.
Mayden Smarthealth Private Lim	DIPP39781	Mayden SmartHealth is a comprehensive health ecosystem catering to the needs of stakeholders connected with Health Insurance and Hospital Industry	System/subsystem model or prototype demonstration in a relevant environment.
Hakitech Private Limited	DIPP523	Specialized in connected vehicle analytics and its proprietary firmware which could be used to analyze vehicle signals from all leading OEMs in the country	Analytical and experimental critical function and/or characteristic proof-of-concept.
Teplu Learning Private Limited	DIPP41613	Teplu is providing end to end solutions in dairy product manufacturing: plant design, equipment, licensing, assistance in dairy product development, marketing of processed products, any financial requ	System prototype demonstration in an operational environment.
Pristine Concepts Private Limi	DIPP154934	To develop mobile health solutions for patient care in particular, surgery and interventional procedures to meet healthcare demand outside cities	Component and/or breadboard validation in a laboratory environment.

Vyug Reality Solution Private	DIPPNa	Vyug Reality is a company specializing in immersive therapy. It offers advanced medical solutions using Medical extended reality (MXR) technology with Mixed Reality/Virtual reality and sensor-based ha	Component and/or breadboard validation in a laboratory environment.
Intrust Innovation Labs Privat	DIPP151766	Offers a complete portfolio of cyber security solutions - R&D services in Cyber Security including Cryptography, Quantum cryptography, Cyber Security Training	System/subsystem model or prototype demonstration in a relevant environment.
32Mins Digital Consultancy Ser	DIPP141898	32Mins will deliver custom-made eLearning solutions through digital video content for clients of various niches like online education, course lectures and corporate training, coaching staff, training	Component and/or breadboard validation in a laboratory environment.
Abhaya-3CD Private Limited	DIPP82604	A medical device company currently focusing on products (leak containment device) for incontinence that is hampering the lives of many senior citizens.	System prototype demonstration in an operational environment.
Deepspectrum Analytics Private	DIPP96055	Data-driven spectroscopy for analytical applications. Company is developing and commercializing novel spectroscopy-based analysis solutions in conjunction with data analytics for Ayurvedic and food sa	Component and/or breadboard validation in a laboratory environment.
Okapi Advisory Services Privat	DIPPNa	Okapi is an India-based research and consulting group focused on institutional design for complex goals in changing times. They help clients create policies, ecosystems, and organizations that motivat	Actual system completed and qualified through test and demonstration.

Envisage Club	DIPPNA	Card Robot	Analytical and experimental critical function and/or characteristic proof-of-concept.
Kochadai Technology Solutions	DIPPNa	Kochadai is building 'AI Express' - an edge computing ML device for real time Computer Vision & IoT	Component and/or breadboard validation in a laboratory environment.
DeuceApp Private Limited	DIPP119978	Creating product line and services related to Sports Training - 'ChampinU'. Connecting technology with athlete performance training and use across the spectrum of various sports, Tennis to begin with.	System prototype demonstration in an operational environment.
Swasthchain Private Limited	DIPP44760	Healthcare solution to provide accessibility using voice enabled technology	System prototype demonstration in an operational environment.
Dhvani Inspection Technologies	DIPP63162	Develops, demonstrate and productise new diagonstics for NDE technologies	Actual system proven through successful mission operations.
Dhvani Analytic Intelligence	DIPP62351	Company focuses on product development, testing, validation, training, deployment, maintenance of both software and hardware based tools in the area of Non-Destructive Evaluation	Actual system proven through successful mission operations.
Medcuore Medical Solutions Pri	DIPP61388	Developed Purocare Eco+ air purifier, an advanced seven-fold filtration module with five stage filter with a focus to mitigate the risk of indoor air pollution.	Actual system completed and qualified through test and demonstration.
Canbrs Therapeutics Private Li	DIPP106055	Building a therapeutic implant using additive manufacturing - both Fused Deposition Modelling (FDM) & Selective Laser Sintering (SLS) and Analytical platform with Machine learning techniques for more	Component and/or breadboard validation in a laboratory environment.
Vestinvillages (Viv) Private L	DIPP134053	A social Fintech company developing an Innovative Digital Solution for empowering rural women and promoting financial inclusion:	System/subsystem model or prototype demonstration in a laboratory environment.

SatoriXR Private Limited	DIPP177625	Building the 'Satori platform' and products derived from it for a deeper understanding and visualization of phenomena, products and principles using immersive 3D/XR/Digital Twin technologies.	Actual system proven through successful mission operations.
Agroprosperity Tech Solutions Pri	DIPP89156	Developing an AgriTech platform that combines technology and last mile transaction capability to enable farmer to procure inputs, sell output and avail credit seamlessly.	Actual system proven through successful mission operations.
Agami Fintech Solutions Privat	DIPPNa	Building a Fintech SaaS platform & mobile app that brings millions of Indian, in particular migrant workers, casual laborers and domestic service providers, into an organized financial system by enabl	Analytical and experimental critical function and/or characteristic proof-of-concept.
Futaucon Tek Private Limited	DIPP96579	Company will provide customers (auto sector) with innovative CAD automation products paving way to reduced expenses and improved quality. Automating creation of Technical Drawings will reduce process	System prototype demonstration in an operational environment.
Azhar Engineering Private Limi	DIPP98154	Set up network of Light Electric Vehicles (LEV) AC chargers - provide cheapest charging network access within 3-5 km of the consumer, thus reducing the wait time to 5-6 minutes, saving time and money.	System prototype demonstration in an operational environment.
Arkin Labs Private Limited	DIPP80149	Arkin Labs is focused on developing autonomous solution to augment drones in sensitive sectors demanding reliability, security and intelligence.	System/subsystem model or prototype demonstration in a laboratory environment.
WebOps and Blockchain Club	DIPPNA	QuantPair	System/subsystem model or prototype demonstration in a laboratory environment.
WebOps and Blockchain Club	DIPPNA	TradeCraft	Technology concept and/or application formulated.
WebOps and Blockchain Club	DIPPNA	git.search	Technology concept and/or application formulated.
WebOps and Blockchain Club	DIPPNA	Instagram 3.0	System/subsystem model or prototype demonstration in a laboratory environment.
Envisage Club	DIPPNA	OASIS	Analytical and experimental critical function and/or characteristic proof-of-concept.
Envisage Club	DIPPNA	Indigo Glitch	Analytical and experimental critical function and/or characteristic proof-of-concept.
Envisage Club	DIPPNA	Tron Dance	System/subsystem model or prototype demonstration in a laboratory environment.
Envisage Club	DIPPNA	LightSaber	Component and/or breadboard validation in a laboratory environment.
Envisage Club	DIPPNA	Projection Mapping	System/subsystem model or prototype demonstration in a laboratory environment.
Theta90 Technologies Private L	DIPP63816	Using sensors to monitors screws/nuts/bolt motion, container spinning speed, conveyer belt velocity control, optics for taking pictures of the product from all perspectives and auto update of quality	System/subsystem model or prototype demonstration in a relevant environment.
Limbex Orthopaedic and Prosthe	DIPPNa	Providing upper and lower limb amputees with a revolutionary medical device option – the titanium bone anchored Osseointegration implants. The technology allows for the direct attachment of an externa	Analytical and experimental critical function and/or characteristic proof-of-concept.
Jompoi Private Limited	DIPPNa	Quicker Supply Chain - Farm to Home within 8 hour of harvest	Component and/or breadboard validation in a laboratory environment.
Suzhiyam Industrial Machines P	DIPP108810	Developing an energy-as-a-service product for Industrial process heat generation using Refuse Derived Fuel from municipal solid waste. Currently, manufacturing Industrial pellet burners	System prototype demonstration in an operational environment.

70s Cookware & Kitchenware Pri	DIPP113654	Traditional cookware made from cast iron, iron, clay, wood, or bronze, which is sustainable and offers users healthy alternatives	System/subsystem model or prototype demonstration in a relevant environment.
iBot Club	DIPPNA	S.A.M.V.I.D	Actual system proven through successful mission operations.
iBot Club	DIPPNA	M.I.N.E	Analytical and experimental critical function and/or characteristic proof-of-concept.
iBot Club	DIPPNA	Tennistron	Analytical and experimental critical function and/or characteristic proof-of-concept.
iBot Club	DIPPNA	Innoguide	System prototype demonstration in an operational environment.
iBot Club	DIPPNA	CoBALT	System/subsystem model or prototype demonstration in a relevant environment.
Electronics Club	DIPPNA	Cubitect	System/subsystem model or prototype demonstration in a relevant environment.
Electronics Club	DIPPNA	SONIC	Component and/or breadboard validation in a laboratory environment.
Electronics Club	DIPPNA	Echo Explorer	System/subsystem model or prototype demonstration in a laboratory environment.
Electronics Club	DIPPNA	Urban Traffic Management	Component and/or breadboard validation in a laboratory environment.
Electronics Club	DIPPNA	Virtual Defence	Component and/or breadboard validation in a laboratory environment.
Programming Club	DIPPNA	Multiplayer Tank Royale	Analytical and experimental critical function and/or characteristic proof-of-concept.
Programming Club	DIPPNA	Matplotlib Open Source	System/subsystem model or prototype demonstration in a laboratory environment.
Programming Club	DIPPNA	Raven MOQT	System/subsystem model or prototype demonstration in a laboratory environment.
Cybersecurity Club	DIPPNA	GPU Tsan	System prototype demonstration in an operational environment.
Cybersecurity Club	DIPPNA	Quancrypt	Technology concept and/or application formulated.
Cybersecurity Club	DIPPNA	Rapid Patch	Component and/or breadboard validation in a laboratory environment.
Fibsol Technologies Private Li	DIPP252	Innovative nanofiber substrates for superior agro-inputs; advanced ceramics; sensors & catalysts; clean energy & filters.	Actual system proven through successful mission operations.
Wii Tronics Solutions Private	DIPP467	Company provides sensor based intelligent parking guidance solution for on-street and indoor parking garages. Manufactures sensors, which can be integrated with mobile apps, and vehicle presence infor	Analytical and experimental critical function and/or characteristic proof-of-concept.
Vyoma Systems Private Limited	DIPP93700	A productive verification EDA leveraging the latest compute power and methodologies, such as RISC-V	System prototype demonstration in an operational environment.
Elicius Energy Private Limited	DIPP33909	provides more adaptable and adoptable clean energy storage alternatives, such as hydrogen fuel cells/batteries	System/subsystem model or prototype demonstration in a relevant environment.
Aerostrovilos Energy Pvt Ltd	DIPP12660	Developing compact 100kW micro gas turbine (MGT) indigenously at an affordable price for Indian market in order to generate power from biomass and bio-waste	System prototype demonstration in an operational environment.
Beebox Studios Private Limited	DIPP9919	Develops & provides advisory services and solutions in the field of Extended Reality across multiple industry verticals	Actual system completed and qualified through test and demonstration.

Sekkei Bio Private Limited	DIPP16108	A platform for early stage drug discovery with computational biology at its heart	Actual system completed and qualified through test and demonstration.
Qunu Labs Private Limited	DIPP5607	Data security company that specializes in making quantum-safe products and solutions in order to accelerate the world's transition to quantum safe encryption	Actual system proven through successful mission operations.
CISGEN Biotech Discoveries	DIPP47199	Biotech products related to diagnostics, therapeutics & vaccines, focussing mainly on novel solutions to veterinary health issues	Actual system completed and qualified through test and demonstration.
Mego Technolgies India Private	DIPPNA	Mego provides mobile applications & e-commerce platforms; specializes in designing creative web-based and mobile-based products.	Technology concept and/or application formulated.
Triolt Energy Private Limited	DIPP97844	They focus on developing indigenous lithium-ion cell development for electric vehicles and Energy storage applications.	System/subsystem model or prototype demonstration in a relevant environment.
Log 9 Materials Scientific Pri	DIPP2255	The Company is engaged in the business of nanotechnology with a focus on sustainable energy storage technologies and filtration applications of Graphene such as rapid charging solutions for electric v	Actual system proven through successful mission operations.
Wankel Energy Systems Private	DIPP108969	Design and manufacture efficient expanders for energy recovery and compressors for chillers and heat pumps	System prototype demonstration in an operational environment.
Arus MR Tech Private Limited	DIPP112053	Offers advanced Vibration/Motion control technology based on Magnetorheological Fluid technology.	System prototype demonstration in an operational environment.
FLH Kleanair and Klean Energy	DIPP136818	Building Aerpod (PAPR), an air purifier respirator wearable device, which delivers filtered fresh air by a positive air pressured flow directly into the mask and removes polluted air out of the gaps i	System prototype demonstration in an operational environment.
Panoculon Labs Private Limited	DIPP141028	Developing affordable and cutting-edge AI tech to translate the real world into a machine-analyzable format for the visually impaired.	Component and/or breadboard validation in a laboratory environment.
Santa Fe Research Pvt Ltd.	DIPPna	R&D activities regarding the application of Signal Processing and Control techniques to finance	Actual system completed and qualified through test and demonstration.
Zealev DC-Tech Private Limited	DIPP103697	Developing carbon friendly solutions for electricity distribution, building next generation energy distribution system based on DC for large scale electrical vehicle charging: DC-DC chargers and LVDC	Component and/or breadboard validation in a laboratory environment.
VETiNSTANT Healthcare Private	DIPP103700	Developing an IOT powered digital aggregator platform that fulfils needs of the Vet, the Pet Parent and the Pet. Also focusing on bovines.	System/subsystem model or prototype demonstration in a relevant environment.
Vdime Innovation Works Private	DIPPNa	Lookz is a virtual makeover technology application based on facial image recognition technology. The application allows customers to try on cosmetic items like eye shadow, foundation, lipstick, na	System prototype demonstration in an operational environment.
Lema Labs Private Limited	DIPPNa	Lema Labs provides Robotics education to local colleges. Has developed specialized Robotics kits to enable learning. Kaizen Robotics program:	Actual system completed and qualified through test and demonstration.
Concrete Quality Concepts Priv	DIPPNa	On-site non-destructive and partial destructive testing of concrete condition, repair and rehabilitation methodologies and consultancy.	Actual system completed and qualified through test and demonstration.
Troph Bio Private Limited	DIPP25076	Developing next gen. medical diagnostics for communicable and non-communicable diseases: technologies for very early prediction of disease	System/subsystem model or prototype demonstration in a laboratory environment.
Kriyaneuro Technologies Pvt Lt	DIPPna	Develop devices for improved diagnosis, assistive technologies and rehabilitation devices for people with neuromotor disorders	System/subsystem model or prototype demonstration in a relevant environment.

Zasti India Private Limited	DIPPna	Artificial Intelligence (AI) technology platform that helps companies and their clients by predicting risks & improving business efficiency	System/subsystem model or prototype demonstration in a relevant environment.
Cartosense	DIPP11762	Building surgical guidance systems that allow neurosurgeons to perform brain surgery more accurately and minimally invasive than ever before	Component and/or breadboard validation in a laboratory environment.
Vaayusastra Aerospace Pvt Ltd	DIPP19823	An education company that Trains students in fundamental science, imparted through a mix of theatre arts and practical sessions rooted in aeronautics	Actual system completed and qualified through test and demonstration.
Solinas Integrity Pvt Ltd	DIPP24957	An asset management company leveraging Robotics and AI to improve pipeline integrity and septic tank cleaning for the water and sanitation industry	Actual system proven through successful mission operations.
Streben Healthcare Pvt Ltd	DIPP16126	Comprehensive instrumentation kit to objectively measure stress through multi-modality approach for early intervention to prevent life style diseases caused by Stress	System/subsystem model or prototype demonstration in a relevant environment.
Arqonz Global Private Limited	DIPP68638	Arqonz intends to create an online construction ecosystem that connects Customers, Service providers, and Manufacturers.	System prototype demonstration in an operational environment.
Quantum Edutech Private Limite	DIPP75574	Qwings intends to support schools in setting up STEM labs and assist them in implementing and running world-class experimental-based learning at their school.	Actual system proven through successful mission operations.
Rudram Dynamics Private Limite	DIPP50979	Developing combat/military drones, unmanned aerial vehicles (UAVs) designed for combat situations. They will be equipped with a variety of advanced technologies that enable them to perform a wide rang	Component and/or breadboard validation in a laboratory environment.
RangBio Solutions Private Limi	DIPP149948	Developing sustainable and eco-friendly natural colors using microbes for the textile industry that currently uses highly pollutive and unsustainable synthetic dyes made using petrochemicals	Component and/or breadboard validation in a laboratory environment.
Bhaskara Engineering	DIPP117317	Small Wind Turbine design and manufacturing	System prototype demonstration in an operational environment.
Infillion Global	DIPP177213	Voice biometric technology	System/subsystem model or prototype demonstration in a relevant environment.
Inbound Aerospace	DIPPna	Earth Re-entry Logistics Service	System/subsystem model or prototype demonstration in a laboratory environment.
Sukoon	DIPPna	Personalised Microclimate Control Technologies	System prototype demonstration in an operational environment.
Zenith	DIPPna	Web3, Metaverse	System/subsystem model or prototype demonstration in a relevant environment.
Matterize	DIPPna	AI-based automatic consultation and distribution for additive manufacturing	System/subsystem model or prototype demonstration in a relevant environment.
Mathematics Club	DIPPNA	AXIFY	Analytical and experimental critical function and/or characteristic proof-of-concept.
Horizon Club	DIPPNA	Dynamix	Analytical and experimental critical function and/or characteristic proof-of-concept.
Horizon Club	DIPPNA	LIGO	Component and/or breadboard validation in a laboratory environment.
Horizon Club	DIPPNA	SunCast	System prototype demonstration in an operational environment.
AI Club	DIPPNA	AI Rahman	System/subsystem model or prototype demonstration in a relevant environment.
AI Club	DIPPNA	NightVision	System prototype demonstration in an operational environment.

Sahaay Club	DIPPNA	PathPal	System/subsystem model or prototype demonstration in a laboratory environment.
Sahaay Club	DIPPNA	Gesturize	System/subsystem model or prototype demonstration in a laboratory environment.
Sahaay Club	DIPPNA	ShellSplitter	Analytical and experimental critical function and/or characteristic proof-of-concept.
Serigreen Technologies Private	DIPP155430	An Agri-Tech Startup which is motivated to make a disruption in the Indian Silk Production Industry (Sericulture), Climate Resilient Agriculture is the Key Vision of the Company.	Component and/or breadboard validation in a laboratory environment.
Xera Aerospace Private Limited	DIPP112730	Xera is building drones for intercity (regional) goods transport.	System prototype demonstration in an operational environment.
Ashva Boring Private Limited	DIPP148312	Ashva Boring is developing technologies to build network of underground tunnels under dense urban development: simultaneous ring installation, direct launch, standard 2.3m & 5m tunnels, higher power,	System/subsystem model or prototype demonstration in a relevant environment.
Innovative Health Connect Priv	DIPP124552	Vision is to “Avoid Health Accidents” and the mission is aimed to provide early warning mechanism at initial stages and will be scaled up to disease/condition prediction trajectory with the support of	System/subsystem model or prototype demonstration in a relevant environment.
Arcishmaan Elements Private Li	DIPP94278	Arcishmaan is converting bitumen (asphalt) into pellets which has the potential to radically alter the supply chain for bitumen, making transport, storage and handling cheaper, safer and more sustaina	Analytical and experimental critical function and/or characteristic proof-of-concept.

Academic Courses in Innovation, Entrepreneurship and IPR

Academic year	Title of Course	Course Code	Type of Course	Level of Course(UG/PG/PhD)	Course Offering Department/Centre/ UnitName	Total Credit Score
---------------	-----------------	-------------	----------------	----------------------------	---	--------------------

2023-24	Managing Intellectual Property In Universities	noc23-hs109	Elective Course	UG	NPTEL, IIT Madras	1
2023-24	Patent Drafting For Beginners	noc23-hs94	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Patent Law For Engineers And Scientists	noc23-hs97	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Entrepreneurship	noc23-mg74	Core Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Strategy And Technology: A Practical Primer	noc23-mg75	Core Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Intellectual Property	noc24-hs38	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Patent Drafting for Beginners	noc24-hs59	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Patent Law for Engineers and Scientists	noc24-hs60	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Entrepreneurship 1	noc20- mg35	Core Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Entrepreneurship2	noc21- mg70	Core Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Entrepreneurship 3	noc22- mg81	Core Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Entrepreneurship4	noc23- mg74	Core Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Patent Law for Engineers and Scientists1	noc17-mg15	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Fundamentals of Patent Drafting	noc18- hs17	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Patent Law For Engineers And Scientists1	noc18- hs20	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Business Models and Innovation	MS9332	Core Course	UG/PG	Management Studies	6
2023-24	Managing Technology and Innovation for Manufacturing	MS7035	Core Course	UG/PG	Management Studies	6
2023-24	The Innovative Entrepreneur 2: Launching your venture	ID5102	Core Course	UG/PG	Applied Mechanics	6
2023-24	Strategies for Managing innovation	ED5317	Core Course	UG/PG	Engineering Design	9
2023-24	IPR Issues in Bio-technology	BT4280	Core Course	UG/PG	Engineering Design	9
2023-24	Marketing Tools : Strategies & Innovation (Marketing Management II)	MS5150	Core Course	UG/PG	Management Studies	6
2023-24	Technology Foresight and Innovation	MS5921	Core Course	UG&PG	Management Studies	6
2023-24	Innovative Entrepreneur - 1 Customer Discovery	ID5101	Core Course	UG&PG	Applied Mechanics	9
2023-24	Entrepreneurship for Scientists and Engineers	ID6031	Elective Course	UG&PG	Chemistry	12
2023-24	Innovation and Entrepreneurship - A Multidisciplinary approach	ID5031	Elective Course	UG&PG	Chemistry	9
2023-24	Patent Drafting for Beginners1	noc19- hs01	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Patent Drafting For Beginners2	noc19- hs66	Elective Course	UG/PG	NPTEL, IIT Madras	1

2023-24	Patent Law For Engineers And Scientists3	noc19- hs02	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Patent Law For Engineers And Scientists4	noc19- hs65	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Patent Drafting for Beginners4	noc20- hs25	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Patent Law for Engineers and Scientists5	noc20- hs26	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Patent Drafting for Beginners6	noc20- hs54	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Patent Law for Engineers and Scientists7	noc20- hs55	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Patent Drafting for Beginners7	noc21- hs14	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Patent Law for Engineers and Scientists8	noc21- hs15	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Patent Drafting for Beginners9	noc21- hs70	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Patent Law for Engineers and Scientists9	noc21- hs71	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	NPTEL, IIT Madras0	noc22- hs04	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Patent Law for Engineers and ScientistsN	noc22- hs29	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Patent Drafting for Beginners3	noc22- hs74	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Patent Law for Engineers and ScientistsNA	noc22- hs87	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Patent Law for Engineers and Scientistsa	noc23- hs26	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Patent Drafting for Beginnersb	noc23- hs43	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Offshore structures under special environmental loads including fire resistance	noc23- oe01	Elective Course	PG	NPTEL, IIT Madras	3
2023-24	Introduction to research	noc23- ge05	Elective Course	PG	NPTEL, IIT Madras	2
2023-24	Non conventional energy resources	noc23-ge04	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Effective Engineering Teaching in Practice	noc23-ge04	Elective Course	PG	NPTEL, IIT Madras	1
2023-24	Welding processes	noc23-mm06	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Theory and practice of non destructive testing	noc23- mm05	Elective Course	UG/PG	NPTEL, IIT Madras	2
2023-24	Steel Quality role of secondary refining and continous casting	noc23-mm04	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Material characterization	noc23- mm03	Core Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Fundamentals of Electronic Materials and Devices	noc23- mm02	Elective Course	UG/PG	NPTEL, IIT Madras	2
2023-24	Inverse Methods in Heat Transfer	noc23-me32	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Wheeled Mobile Robots	noc23-me30	Elective Course	UG/PG	NPTEL, IIT Madras	2

2023-24	Explosions and Safety	noc23- me29	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Oil Hydraulics and pneumatics	noc23-me28	Core Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Fundamentals of Combustion	noc23-me27	Core Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Fundamentals of combustion for propulsion	noc23- me12	Elective Course	PG	NPTEL, IIT Madras	2
2023-24	Experimental stress analysis	noc23- me11	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Business Development From start to scale	noc23-mg61	Core Course	PG	NPTEL, IIT Madras	3
2023-24	Leadership for india inc: practical concepts and constructs	noc23-mg 26	Core Course	PG	NPTEL, IIT Madras	3
2023-24	Design Thinking - A Primer	noc23- mg11	Elective Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Introduction to probability and statistics	noc23- mg 10	Core Course	UG/PG	NPTEL, IIT Madras	1
2023-24	Introduction to operations research	noc23- mg09	Elective Course	UG/PG	NPTEL, IIT Madras	2
2023-24	Learning English in Hindi	noc23- hs68	Elective Course	UG/PG	NPTEL, IIT Madras	2
2023-24	Appreciating Hindustani Music	noc23-hs59	Elective Course	UG	NPTEL, IIT Madras	2
2023-24	Literature and Life	noc23-hs58	Elective Course	UG	NPTEL, IIT Madras	3
2023-24	Intellectual Property1	noc23- hs55	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	Modern Indian Writing in Translation	noc23-hs54	Elective Course	UG/PG	NPTEL, IIT Madras	3
2023-24	American Literature and culture	noc23- hs53	Elective Course	PG	NPTEL, IIT Madras	3
2023-24	English language for competitive exams	noc23- hs52	Elective Course	UG/PG	NPTEL, IIT Madras	3
